

Portland Trivia Game

2-4 players

Ages 8+

Instructions

- Start on the yellow space at the corner of Back Street and Middle Street. (Should be marked with an "S")
- Roll the dice at the beginning of each turn; you have that many moves in this turn.
- When the last move of your roll lands on a red, blue, green, or purple spot, **the person to your right** pulls a card of the same color and asks you a question with four possible answers. If you guess the right answer, you get to keep the card until the end of the game.
- You can move any direction you want, but you can't backtrack in a turn (so if you start going a certain way, you need to keep going that way until your next turn)
- You must move every single turn, and you must complete your roll (no stopping early)
- If you land on the same *yellow* space as another player, you send that player back to Start
- If you already have a card of a certain color, you can't get another one of that color.
- The first player to have one card of each color wins.
